

## **Angela Reed**

*Assistant to the Principal | Elementary Head | 5th & 6th Math Teacher*

Angela Reed is an experienced educator with over 15 years of teaching experience and a deep passion for fostering a love of mathematics in her students. She holds a degree in Elementary Education, with a minor in English and History, from Queens University. Throughout her career, Angela has excelled in creating engaging learning environments that inspire students to reach their full potential.

Two years ago, Angela transitioned into a leadership role as the Assistant to the Principal, where she supports both the academic and administrative functions of the school. Her extensive background in the classroom, paired with her leadership experience, allows Angela to positively impact the entire school community. She continues to be

dedicated to enhancing the educational experience for students and supporting her colleagues in achieving academic excellence.
